

SEP 25 1987

HW-113

Robert Geddes, Environmental Engineer
Monsanto Chemical Company
P.O. Box 816
Soda Springs, Idaho 83276

Dear Mr. Geddes:

Enclosed is a copy of the Field Operations Work Plan for Monsanto facility at Soda Springs, Idaho. The plan outlines sampling strategies and procedures for quality assurance/quality control.

Weather and workload permitting, Ecology and Environment (E&E) will be on-site the week of November 2 to stage the sampling event. Questions of a logistical nature should be directed to Jeff Whidden of E&E, Seattle at (206) 624-9537. For non-logistical inquiries, I may be reached at (206) 442-7215.

Sincerely,

William J. Glasser, R.S., M.P.H.
Environmental Protection Specialist
